COMMUNITY RESOURCE GUIDE JULY 2013

BOARD OF SUPERVISORS COUNTY OF LOS ANGELES

DON KNABE
Supervisor, Fourth District

Dear Community Members,

The Hacienda Heights Connection is published annually especially for your community to provide information on County programs and resources. Inside you will find updates on the status of the Hacienda Heights Community and Recreation Center and Orange Grove Park. Programs and classes are offered for free or at a nominal cost through your local library, law enforcement, parks, senior service facilities and more. Explore the beautiful natural areas that surround Hacienda Heights by participating in one of the hikes listed on page 8. New to this publication is a listing of some of the more popular County online resources on page 11. Please save the Hacienda Heights Connection as your year-round community reference guide. For your convenience, an At-a-Glance Directory is on the inside of the back cover. Stay connected!

Thank you!

Community Updates

Groundbreaking Ceremonies Held for Two Community Projects

Hacienda Heights Community and Recreation Center • 1234 Valencia Avenue

On May 2, 2013, the community celebrated a groundbreaking to mark the beginning of construction for the new Hacienda Heights Community and Recreation Center. The 7-acre site, which was the former site of Hillgrove Elementary School, will be leased by the Hacienda La Puente School District to the County of Los Angeles to construct a gathering place for the community. Plans include a multi-purpose area with a stage, prop/scene shop, green room, and dressing room that will accommodate performance style seating for up to 539 people, and banquet style seating for up to 400 people; a small multi-purpose room, arts and crafts room, computer room, and catering kitchen. The surrounding park will include walking trails, fitness stations, BBQ areas, picnic tables, and lawn areas for outdoor music and activities. As part of the County's Civic Art Program, "Circles of a Ripple" will offer visitors an opportunity to relax and reflect around two old Linden Trees. The Community Center is scheduled to be completed in the Fall of 2014 and will be operated by the Los Angeles County Department of Parks and Recreation.

Orange Grove Park 14517 Orange Grove Avenue

Local officials joined the community in the groundbreaking celebration for the future 5.5-acre Orange Grove Park. The County entered into a joint use agreement with the Hacienda La Puente Unified School District to develop the park. The community was involved during the planning and design stages

for the development of the \$4 million project

that includes a sundial entry plaza, shaded picnic areas, playgrounds, walking paths, an exercise course, restrooms, and a parking lot. Drought tolerant plants and trees will be sustained by irrigation controlled by a system designed to retain water onsite and direct runoff to bio-retention areas. Attendees enjoyed music by the Orange Grove Middle School Band and singing by the Steinmetz Park Tiny Tots with the backdrop of the Puente Hills in the background. The project is scheduled for completion in February 2014 and will be operated by the Los Angeles County Department of Parks and Recreation.

Coyotes are often sighted in Hacienda Heights. There are several steps you can take to discourage coyote visits on your property.

- Never leave small children unattended in your yard.
- Keep small pets indoors. Keep pet food indoors or promptly remove dishes when pets complete their meal outside.
- Clear brush and dense weeds from around your property. This discourages small rodents from gathering near your home and deprives coyotes of a meal.
- Maintain trash cans with secure lids. Coyotes have been known to scavenge through the trash.
- Pick up fallen fruit and cover compost piles.
- Put away bird feeders at night to avoid attracting rodents and other coyote prey.
- Do not feed or leave water for coyotes or other wildlife. It is against the law to feed coyotes.

If you still experience coyote problems, contact the Los Angeles County Agricultural Commission/Weights and Measures Department for further assistance at (626) 575-5462. To report an injured coyote, contact the Department of Animal Care and Control at (626) 962-3577. Twenty five years later he is living his dream by serving as a Captain at Fire Station 118. Here he responds to a variety of incidents and rescue calls in Hacienda Heights, Industry and surrounding communities.

Firefighters Deliver Sidewalk "CPR Anytime" Instruction

<http://www.heart.org/HEARTORG>
(877) AHA-4CPR

Local firefighters have trained members of the public in cardiopulmonary resuscitation (CPR) on the spot at the local Walmart and Steimetz Park. This program is part of the American Heart Association's "Hands Only CPR" effort to double the survival rate of victims of cardiac arrest and increase the skills of bystanders performing CPR.

Did you know?

- Nearly 300,000 Americans suffer sudden cardiac arrest, annually, in their homes or in public venues.
- On average, only 8% survive.
- CPR can more than triple the victim's chance of survival.

The Problem

Only 31% of victims receive CPR from a bystander outside of a hospital. Traditional CPR classes are approximately two hours long with very strict student to instructor ratios. The cost of training may discourage the average person that does not need the course for work purposes. It is a fact that 80% of all out-of-hospital cardiac arrests occur in the home and relatives are the most frequent witnesses.

The Solution

CPR Anytime participants are taught a "Hands Only CPR" version that only consists of compressions. This type of training had a better overall performance than those who were traditionally trained in a two-hour CPR course. To learn more call the American Heart Association at (877) AHA-4CPR, or log on to <http://www.heart.org/HEARTORG> (click CPR and ECC, then CPR & First Aid, then Hands Only CPR under community programs). Also, watch for Los Angeles County Firefighters offering to train you on the spot!

Trash Container Placement Regulations

Trash Containers should be at the curb ONLY on collection day. When carts are left at the curb, they can block traffic, obstruct sidewalks, and interfere with street sweeping. In addition, carts left at the curb may suggest that no one is home, putting your property at risk for burglary. Do not place trash containers at your curbside before 5:00 p.m. on the day before your scheduled collections or leave a container at your curb after 8:00 p.m. on the day of actual collection, or more than two hours after actual collection, whichever is later. To report violations, contact the Department of Public Health/Environmental Health toll free at (888) 700-9995 or the local district office at (626) 813-3380.
