Matt Fong brings an entrepreneurial blend of fiscal, political and global expertise to a variety of private and public sector organizations. He is the President of Strategic Advisory Group, an institutional and strategic investor advisory firm. He provides oversight and counsel to institutional investment, mutual and venture capital funds.

As Vice Chairman of the State Board of Equalization (California's Tax Agency) and State Treasurer (the State's Chief Financial Officer), Matt provided strong fiscal stewardship guiding California's fiscal affairs. He also served as a trustee of CalPers and CalStrs Pension Funds, with over \$250 billion in investment assets. At the federal level, Matt was appointed by President Bush to serve as Chairman of the Pension Benefit Guaranty Corporation (PBGC) Advisory Committee. Matt provided fiscal oversight and corporate governance to a \$25 billion investment portfolio for those workers enrolled in defined benefit pension plans across the USA.

His political campaign experience also included his being the 1998 US Senate Republican nominee against Sen. Barbara Boxer. In 2000, he was California State Co-Chairman for Bush '00, a pioneer and member of the Bush-Cheney National Finance Campaign Committee. In 2003, Matt served as a state co-chairman of the Schwarzenegger for Governor campaign and was a member of his transition team.

Matt currently blends his public activities with the private sector advising such organizations as Lennar, one of the largest homebuilders in the United States; YCS, a privately held company with multi-million dollar real estate and corporate interests worldwide; and Biotechnology Development Fund IV, a Palo Alto based biotech venture capital fund. Matt is also of Counsel to Sheppard Mullin Richter & Hampton, a 400+ attorney Los Angeles based law firm.

In non-profit activities, Matt provides oversight and strategy to RAND's think tank on Asia Pacific Policy advising on defense, economic and social policies between the U.S. and Asia. Matt also sits on the Toffler Advisory Board, working with the world's leading futurists, Alvin and Heidi Toffler.

Matt graduated from the USAF Academy, earned a Masters of Business Administration degree from Pepperdine University and a Juris Doctorate from Southwestern University. He is licensed to practice law in the State of California and Washington D.C. He also holds an FAA Certified Flight Instructor License (CFI-L), a Commercial Pilot License (SEL) and Glider rating.

Miss 4th of July

Christina Cho

Birthday: July 13, 1986

High School: Glen A. Wilson High School

College: Cal State University Los Angeles

Hobbies: Reading, writing, playing the piano and guitar, water polo, and photography.

Who am I? First and foremost, I am a daughter, a sister, a friend, a WILSON HIGH SCHOOL alumni, and Miss Fourth of July. I grew up in Hacienda Heights, traveling from Graziade to Mesa Robles, and then on to Wilson High School. Growing up in a loving home with an inspirational mother, I learned to be an independent, opinionated, and venerable woman. I was not a big fan of beauty pageants, and at first declined to be a part of this amazing scholarship program; however, when I realized that this "pageant" was in fact a great opportunity and a respectable program advocating community service and leadership, I could not turn it down. I am definitely proud to say that I am Miss Fourth of July and I recommend future seniors to apply and experience something unique and wonderful.

What I want to be? No questions about it, I want to be a child psychologist. Lately, teenagers and children have been looking towards drugs, smoking, and drinking. Although the reasons behind their reckless behaviors vary, one of them is depression. I want to be someone who can give those adolescents help and guidance, and be their confidante. Not just an adult with answers, but a friend with a shoulder to cry on. But I will not end my career there. Later in life, I want to use my psychology degree and work within our government and help serve the nation. I have many goals, and will definitely strive to achieve them.

Hot rates. Cool bank.

It takes more than great rates to be a great bank. That's why 99% of our customers surveyed said they would recommend us. Because we're honestly committed to being the kind of bank you want. And that's pretty cool.
